

**CGEA CME Section Meeting**  
**March 17, 2001**  
**Minneapolis, MN**

Present: Nancy Davis, Chair; Deborah Danoff; Bart Galle; Jeff Morzinski;  
Chris Reznik

Discussion included:

1. Integration of CME information into faculty development and medical education
2. Roles of CME. Vision of CME article in Academic Medicine, Nancy Bennett, et al. Task force to study system changes needed. CME has traditionally been more self-supporting and a service dept. Movement to make it a true academic unit with institutional support and recognition as an educational program.
3. Suggestions for integrating CME into CGEA meeting:
  - a. Response panel to plenary sessions that includes rep from each level, UGE, GME, CME
  - b. Buddy system—assign new members
  - c. Tracks for CGEA meeting based on themes not UGE, GME, CME etc
  - d. Develop a base for an overall theme, i.e. NE GEA theme on genetics
  - e. Themes based on methodologies, i.e. teaching, evaluation, research, etc
4. Collaborate with SACME for better integration
5. Need to restructure so that SACME rep is not automatically assigned to be CGEA rep. Need election process in CGEA and need to stagger section chair terms. Nancy Davis will address with SACME.
6. Bart Galle introduced as next CME Section Chair
