

## CGEA Executive Committee Progress Report Form

**Name:** Marshall Anderson

**Role:** Communications -Webmaster/Listserv Manager

**Dates of EC Service:** From June 2011 to November 2011

Report Date	Description	Status/Progress
11.2.11	Website	<p>Continued to update the CGEA Web Site at <a href="http://cgea.net">http://cgea.net</a> and to work with Evan Collins, AAMC on transferring info to the AAMC version of our web site. The call for proposals was posted to both Sites and I have sent Evan the updated SIG pages but have not heard back from him and they are still not posted.</p>
11.2.11	Listserv	<p>As 9:35 AM 11.2.11, there are 1006members of the listserv, which increase of 24 members since the last report. Much of this is due to Toshi's efforts to get CGEA members on the database to subscribe to the listserv. As a result over 30 have subscribed but several current members have either retired or left their institutions.</p> <p>There have been two significant spam attacks on the listserv over the past several months resulting in thousands of emails flooding in over a period of several days. With diligence, I have managed to keep all of these off the listserv, so that only legitimate messages go out. To get something posted to the listserv, send an email to <a href="mailto:wanders@iun.edu">wanders@iun.edu</a> and put CGEA – something for posting in the subject field.</p>
